5 SIMPLE TIPS

TO GET THE MOST OUT OF THIS TRAINING :

1. Print out this Online Event Notes before the event starts so you can write down your notes as you listen.
2. Review the topic outline so you know what to listen out for. Make sure you've set aside 2 hours of private time for this training so you'll have an uninterrupted learning session.
3. During the event, write down **ALL** the interesting and new ideas and inspirations you get while listening - that way you won't lose the most relevant information to you.
4. While listening to the masterclass, write down any immediate action steps that come to your mind... steps that you can take right now to increase your wealth and abundance.
5. Be in a comfortable position (ideally not driving) so you can fully take part in the visualization exercise.

***The next part is for you to take note while you listen to Harv Eker during the masterclass. Fill in the blanks as you progress. These will be the important points that you'll take away from the session.*
