YOUR OFFICIAL MASTERCLASS WORKBOOK

4 Simple Tips To Get The Most Out Of This Class:

1. Print out this workbook before the class starts so you can write down your notes as you listen.
2. Review the topic outline so you know what to listen for. Make sure you've set aside private time for this session so you'll be able to focus and fully receive the benefits of the session.
3. During the event, write down ALL the interesting and new ideas and inspirations you get while listening — that way you won't lose the information most relevant to you.
4. Think of how you can quickly implement the secrets revealed in this session.

Preparation Tips:

- Make sure you are in a quiet place where nothing can distract you, and that you are not driving a car or any other vehicle. Be in a comfortable position so you can fully take part in any guided meditation and visualization exercises that may be a part of the class.
- Stretch your muscles before starting the class. Stretching loosens the muscles and tendons allowing you to sit (or lie) more comfortably. Additionally, stretching starts the process of “going inward” and brings added focus to the body.
- You can use candles and other spiritual tools in the room to further help you feel at ease.

Thank you for joining our online class. We hope you enjoy it!

SUCCESS STORIES

“I lost 7.5 lbs in 2 days, 10 pounds my first week.”

“My stamina also noticeably increased. The Virgin Diet has regulated my depression, anxiety, and has also made my energy levels more consistent throughout the day.”

~ Lindsey Neely

“That is the fastest weight loss of my entire history of dieting.”

“I have lost 25 pounds in eleven weeks. That is the fastest weight loss of my entire history of dieting. I have started working out in a pool three times a week. (Me – going to a gym!) I have not had the pain in my feet and knees. The stress incontinence that has plagued me for years is gone. My daily blood glucose tests are in the 90’s. My feet and hands have quit swelling. My shoes are too big. I feel better about myself and my future.”

~ Joan H. Riley

“The ‘healthy’ foods I had been eating at every single meal for decades were killing me from the inside out.”

“After losing 100 pounds on The Virgin Diet, I discovered that most of the ‘healthy’ foods I had been eating at every single meal for decades were killing me from the inside out.”

~ Bryn Johnson

“I love feeling wonderful, energetic, and focused!”

“You can imagine my surprise when I learned that a food I loved, and that I thought was keeping me skinny, was making me bloated, tired and irritable! Who knew? I love feeling wonderful, energetic, and focused! Thank you, JJ! You transformed my life forever!”

~ Lisa Sasevich

“For the first time since being a mom, I had a flat tummy!”

“For the longest time, I accepted that my tummy excess was due to having children and gaining 115 pounds combined for my pregnancies. But once I eliminated all of JJ’s problem foods, for the first time since being a mom, I had a flat tummy! All that time I was bloated and didn’t know it!”

~Kirin Christianson

“This is not a diet, it is my way of life. Since starting this program, **I have lost over 50 lbs. I have had my cholesterol and blood pressure medication cut in half and I’m not even done yet!**

I have been with my doctor for over 12 years, and she has watched me be on this diet and that diet.

She told me that I am different this time, that I have found my niche!”

~ Rochelle Stevens

“I have been yo-yo dieting for 20 years and nothing ever worked. And I can honestly say that for the first time in 30 years of dieting, I have actually reached my goal weigh — that has never happened before.

To date, **I have lost 50 pounds... 8 inches off my waist and 8 inches off my hips.**”

~Lorrie Valinsky

“The one thing that really stuck out for me was knowing how much sugar is in things that you think are healthy. It was a really easy transition. 4 days into it, I looked in the mirror and was like "wow, my face is getting skinnier"... the weight just fell off and I wasn't hungry. **I was full, and I was satisfied at every meal and I was losing weight.**”

~Pia Civiletti

“Abdominal muscles are showing again!”

“This diet has helped changed the lives of the people around me as well.

My husband is getting his football body back (his abdominal muscles are showing again!) because I make all of our meals (shakes in the morning, bagged lunch for work, and of course, dinner). We just opened up our own gym. We provide personal training sessions and speed and agility training for athletes. He does the workouts, I do the nutrition.”
